

SDS2026

IEEE Swiss Conference on Data Science and AI

Call for Participation Business Talks

Take a look at
the SDS2025
Flashback video

Be part of the 13th IEEE Swiss Conference on Data Science and AI (SDS2026), Switzerland's leading platform for applied Data Science and AI. We invite you to submit proposals which showcase technical depth and how data-driven innovation creates measurable impact in organisations and businesses.

We welcome contributions highlighting practical use cases, best practices, and lessons learned from real-world implementations. The focus lies on how organisations achieve impact through Data Science. What worked, what didn't, and what was learned along the way.

Submissions have to be categorized by sector:

Finance & Insurance
Health & Pharma
Energy & Transportation
Manufacturing
Retail
Others

Each submission needs also be tagged according to its type of business impact:

Business growth
Efficiency or cost reduction
Risk mitigation
Insight generation
Quality or service improvement
Compliance

Submit your proposal in PDF format (maximum 2 pages), including:

Title, extended abstract (up to 500 words) outlining a novel and impactful application, supported by data and outcomes, **target audience and relevance**, **outline of the intended talk, short biography of the author**

The Business Program Committee will carefully review the submissions.

To be accepted, your proposal must clearly demonstrate data-driven value creation, business impact, and innovation.

Accepted talks will be presented by the authors at the SDS2026 on 6 May 2026.
